

SRI VIJAY VIDYASHRAM - TPT

PANANTHOPPU, PERIYAGARAM, TIRUPATTUR-635651

PRINCIPAL'S ANNUAL REPORT- 2023 - 24

INTRODUCTION:

This report was prepared with a reflective spirit-looking back on our accomplishments to date, while also sharing recent activity in a variety of key administrative domains.

It's a matter of great importance to us that the students who passed out from our portals should carry forward the values they have inherited, excel in whatever they do and be role models in the society.

Our Founder having the opportunity to visit several places, during the course of his career, had a desire to start an educational institution on his own, He envisioned to create a stimulating environment for the young minds. His desire and vision resulted in the Vijay group of institutions.

This institution is a dream of our founder. The voyage started in the year 1987, and successfully anchored at Dharmapuri, Tirupattur, Palakkodu, Hosur and Thiruvanamalai.

This school provides the best infrastructure, stimulating environment and opportunities for holistic learning apart from preparing the children to qualify purely for the academic demands of the current education system. Special efforts are being made continuously to enable them to face the challenges of the competitive world. Here we prepare them to handle challenges and face life in all circumstances. In a nut shell, in Vijay we call it "The Joy of Learning". I also wish and look forward for many more branches to come.

Academics:

"Develop a passion for learning. If you do, you will never cease to grow."

We are proud to report that we have students who have excelled in the fields of academics, sports and co-curricular activities. This has become possible because of the continuous efforts by the dedicated staff members, willingness of students and support of parents. At VIJAY all examinations are conducted in a board format. The question papers are designed by experienced teachers. The child's academics performance is measured in a series of assessments with a lot of planning.

“Do activities as you’re passionate about, which makes your heart and soul feel perky.”

In order to groom and bring out inner talent we conduct various well organised classroom activities for students. We have incorporated activity based teaching that provides great support through practical approach in addition to the normal chalk and talk method.

Our students are given the opportunity to participate in All India Talent Examination in Mathematics, Science, English and IT organized by Science Olympiad Foundation, Spell Bee and Unified Exams. We are proud to lift our collar by stating that we bagged 23 Gold medals of excellence in Olympiad and 10 in Spell Bee.

Communication program and life skill classes are organized to enhance students’ communication skill and moralities of life through E-BLOCK and School Cinema. To promote the competitive spirit and to bring out the talent of the students, they are encouraged to participate in various competitions like Singing, Drawing, Fancy dress and Elocution during the course of the year.

At Vijay, we believe in the importance of club activities for students. Every Saturday the school gives time for children to get together for an activity in their respective clubs. They enhance learning through interaction and discussion. Every activity carried out by the club encourages students to cultivate a different perception of life. These clubs are the platform for students to collaborate, learn and perform confidently and independently. Many new concepts such as inventions, pretty with flowers, wind power, Chandrayaan science in the daily life are exhibited.

“ALL Work and NO Play makes Jack a Dull Boy”.

The school has organized one-day educational field trip for the KG students. They were taken to the local Fire Service Department and Head Post Office – Kids observed fire drills displayed by the fire fighters, learned about the process of sending and delivering letters as well as the importance of stamps.

We also conducted Jungle at Vijay Vidyashram during little paws themed PTM. We have displayed a real life model of farm animals and pet animals. We have arranged horse ride and bullockcart ride also. There was an expo of wild animals where our KG students explained about the wild animals.

The term report showcases improvements and glories of our school, undoubtedly, but also makes us think deeply about our shortcomings, corrections and improvements to make as go ahead. We find ourselves thinking about how to build on our successes. School-wise, our primary focus has been on pursuing academic excellence. Though the systems we have implemented to support students’ achievement are constantly under review, we remain committed to have authentic conversations about what our students need the most, how best

to support their learning, how to support our teachers, and how to assume a general posture of continued and perpetual betterment. For some of these queries, we have answered. However, Administration feels comfortable about the direction that we are moving and the accomplishments we have made the date.

The proverbial start of school "celebratory" period is over and the teachers and students are all engaged in the teaching and learning process. Our recent periodic assessment results formed a baseline for each student to indicate progress over the course of the year. A summary of these test results is attached to this report.

Subject benchmark exams have been administered with the blueprint design prepared by the Principal Mr.G.PRABHU. Performance results were tabulated and parent/teacher conferences were scheduled for PT-1.A combination of professional observations and evaluations by SMC, each teacher, Correspondent and Principal along with standardized test scores from the nucleus of these discussions. These important dialogues help form a team of parents and teachers to support and encourage each student in their educational experience. We believe that the success of instituted programs such as remedial classes, bridge gap classes, extra classes are showing up in these exam results.

ACADEMIC: MAJOR ACCOMPLISHMENTS:

The mission of Vidhyashram is to focus on learning for every student every day. The vision at education emphasizes the fact that learning is reflected in both achievement and growth. We believe that learning happens differently for different people, requiring flexibility and variation in the approach. Learning also requires effort and persistence, as well as the support of everyone (e.g., students, staff, and parents). While data analysis is an ongoing process for us to drive improvements to our curriculum, instruction, and even the assessments themselves throughout the school year, we pause each fall to create a reflective, aggregate profile of the outcomes for the prior school year within the Academic Achievement and Growth Report.

It is our pride and privilege to have our grade 10 and 12 students of our various campuses who have brought laurel to our institution. In this current academic year 2023-2024 the first mark in grade 12 is 488/500 and in grade 10 is 496/500. We feel proud to bear 46 centum holders in different subjects.

Planning and preparation:

A lesson plan schedule and template were introduced and implemented. This helped to establish accountability, consistency and instructional growth.

Observation and Feedback:

A three-part observation cycle (pre-observation conference, informal observation and post-observation conference) was designed to raise the level of reflective planning and teaching. Every teacher has had at least two observations during this process. Formal observations were

completed for every teacher in the building and returned with areas of strength and areas of growth.

Performance Evaluation:

Assessments of PT I, was done- Every student was assessed using CBSE Grade criteria and progress monitoring was in place for all students who were in need of that support. Benchmarks were created and circulated in each grade level in the areas of all main subjects. Teachers will use this data to review or reteach concepts that students did not understand or did not retain.

PRINCIPAL

Professional Development:

Teachers have had professional development on performance Standards, teaching skills, classroom instruction, time management, and the changes to literacy Instruction, mathematical/ science practices common for all grades-on ground the implementation of these skills is still wanting. Teachers have got additional differentiation training at the end of the March, 2023.

Instructional Support:

Every grade level teacher received access to all subject materials, including digital live support and content mapped support for worksheets, question papers, question banks and teacher resources from Teach Next Education and our Academic Partners. Teachers taking advantage of these resources provided and making maximum use of them is questionable.

OPERATIONS and FINANCE

Operations: One of the stated operational goals for 2023-24 was to create efficiencies that increase back office productivity. One critical component to achieving this goal required a redesigned website that would direct external inquiries to a virtual "home base" rather than to a contact person at the school. As a consequence we have leveraged a new and functional application that has helped to accomplish our principal goal in addition to improve the school's web presence.

The latest iteration of this initiative has been the launch of our online enrolment application. The response to this new web feature has been overwhelmingly positive. In one week, we have received upward of 150 applications spanning all grade levels.

Communication and Efficiency: Designed and launched a new school App equipped with new interactive features. Continued the use of social networking sites (Facebook/whatsapp) while adding a new communications medium to expand the reach of our communications methods. Successfully on-boarded new staff members (as per requirement). Successfully

launched new Payroll system and re-established/transferred all major HR and Benefit processes with state and local officials.

The preparation of New Operational Policies: 1. The teachers Employment Agreement, 2.Almanac, 3. School Prospectus, 4. Parent-student handbook-Underway.

Maintenance and Technology Requests: Successful school-wide adoption of "Work Order Requests" for nonemergency maintenance and technology issues. The use of work orders has improved back- office efficiency by allowing small assignments &projects, which improves efficiencies when requiring the assistance of 3rd party vendors.

Finance:

It goes without saying that we have successfully navigated fairly rugged terrain with regard to finances. In spite of heavy outstanding fee we have managed well. Administration has been able to avoid staff layoffs or programmatic cuts that would impact the integrity of our academic program, RE: mandatory trainings, curricular resources and supplies, school events, co-curricular activities, school trips and all regular expenses and unexpected liabilities(facility maintenance costs) are being addressed, accordingly. Additionally, while the primary driver of our revenue is student enrolment, it has been more important than ever that we maintain our total student population-which we have. Furthermore, it is difficult to determine why or how we have been able to retain students at a higher than in year's past, but anecdotally it appears that interest in our middle school has risen.

Human Resource:

Administration has been preoccupied with personal matters-namely, identifying, vetting and on-boarding new hires following unexpected resignations. Allow the record entifying, vetting, and on-boarding nonsiders mid-year resignations (barring extraordinary circumstances) to be particularly egregious and professionally unacceptable. Aside from actions of this sort being particularly difficult to manage they are especially challenging for children. They also weaken the confidence of our parents. To that end, we expect all staff members to honour their employment agreements for the entirety of given school-year. That said, the loss of professionals have allowed us to rearticulate the roles and responsibilities for the position. To date, all of the previously reported vacant positions have been filled.

MISCELLANEOUS

Report on School Events & Activities:

Teachers Formal and Informal Class Observation have taken place and reports available.

Student Observation is recorded (Observation Period July-September (2022) from Class K.G to Grade 10.

Students took part in inter-school/District level competitions-Football, Chess, Long Jump, High Jump, not-put, Track events (100,200).

Teachers Orientation:

Date	Name of the Program/Schedule	Trainer Name
29.04.2024	Leadership for ICs and Audits.	Mis. Divya Lactor
30.04.2024	Leadership for ICs, Principals and Vice principals.	Mis. Divya Lactor
2.05.2024	E-block Training-SR.KG-GR.5	Mrs.PREETHA (DPI)

Term 1:

Term 1 was held from 13/09/2023 to 26/09/2023 for classes (grade 3 to grade 8). The examination was held for two and half hours with prior schedules' revisions.

Periodic Assessment 2 Phase 1:

Periodic Assessment 2 Phase 1: was held from 08/02/2023 to 16/02/2023 for classes (grade 3 to 7). The examination was held for an hour with prior schedules revisions

Periodic Assessment 2 Phase 2:

Periodic Assessment 2 Phase 2: was held from 12/12/2023 to 22/12/2023 for classes (grade 3 to 8). The examination was held for an hour with prior schedules revisions.

Periodic Assessment 3:

Periodic Assessment 3: was held from 07/02/2024 to 21/02/2023 for classes (grade 3 to 8). The examination was held for an hour with prior schedules' revisions

Term 2:

Term 2 was held from 25/03/2024 to 08/04/2024 for classes (grade 3 to 8). The examination was held for two and half hour with prior schedules revisions

Christmas Celebration:

The Christmas Celebration was celebrated on Dec 23, 2023 in the school. The Program was inaugurated by the Correspondent along with the Trustees presence. The day started by welcoming the parents-students dressed like Santa Claus. The Christmas message was delivered by the Correspondent and by the Guest of Honour. Later the program was followed with Bible reading. Speech on the birth of Christ, a video on the birth of Christ, songs sung by children, dance by students and the program ended with the play on the birth of Christ. The day was graced by the parents and students. Later students and parents were distributed sweets.

Child Cancer Awareness Program:

Child Cancer Awareness Program was held in the school auditorium 14-Nov-2022 by the Lions Club, Tirupattur Zone. The program started by 2pm- all the parents were invited. The students from grade 5 to 7 with a good number of parents and club members gathered at the venue. The program was inaugurated by the Lions Club Governor, followed by other members of the club. The session proceeded with the seminar led by leading doctors who created awareness about cancer. It was a healthy interaction and parents had a lot of questions and doubts about the topic which was clearly explained by the doctors. The event ended with tree plantations in the school playground followed by refreshments.

Bharathiyar's Birthday Celebration:

The great Tamil poet "Bharathiyar's Birthday" was celebrated in the school with a special assembly on 11-Dec-2023. It's a tribute to respect for the great Tamil poet. The assembly was started with a Tamil song. Students from various classes sung poems, songs and performed

dance. A brief speech was delivered by the Tamil Teacher about the poet and his achievements.

Pongal Celebration:

The Pongal Celebration" The Thanks Giving "day was celebrated in a grand manner in our school. On Jan12th Friday 2024 the pongal Celebration was planned and celebrated with lots fun activities. The program was started by Principal Welcoming the gathering. The day started with traditional way of making pongal in the earthen pots with all the rituals. Parents were invited and students from all classes performed songs, skits, dance and delivered speech about pongal. The program ended with the correspondent's message and wishes. The parents and students were distributed sweets. This day was celebrated in our school to promote and respect other cultures and traditions to have a harmony with the society when these students become tomorrow's citizens.

Handwriting Competition:

An English Handwriting competition was conducted on 21-Jan-2024 by one the leading Book shop in Tirupattur to promote the importance of Republic day among students. The competition was held for students from grade 3 to 5, the needed materials were provided and the competition was supervised by the teachers. Within the limited time of one hour the students were able to complete the given task. Students showed their patience and eagerness to show their best in the competition.

Kite Making Competition:

The kite making competition on 12-Nov-2024 was arranged for the children from grade 1 to 3. The students brought the materials for their activity. The competition was held in their respective classrooms with their teachers to supervise them. The participated children did their best to show up their talent

Hindi Poem Recitation:

The Hindi Poem recitation was planned on 02-Dec-2023 to motivate the students of our National Language. The students from grade 1 to 5 took part in the competition. Hindi teachers supported the students and guided them to perform well. A Day @ Kavalur Solar Observatory: Our Outdoor Program and excursions provide our students on 26-Oct-2023 with the unique and powerful learning opportunity in taking the classroom outside and integrating reading, writing, science, geography, and mathematics with the natural setting that is our backyard. Parents are quite happy with the planning of each program that takes place in the school as it is working nicely together to produce a great experience for each student.

International Yoga Day:

We celebrated on June 21, International Yoga Day and celebrated the physical and spiritual power that yoga has brought to the world stage. Girl's welfare association made asanas like ArdhaPadmaSana, PadmaSana, Tadasana. While it is an important source of exercise and healthy activity millions join in and practice on a daily basis. For many, these routines are a way to connect the body, mind and soul in a way that has existed for centuries.

The idea of International Yoga Day was first proposed by Prime Minister Mr. Narendra Modi on September 27, 2014, during his speech at the UN General Assembly. Before starting yoga, new mats and yoga pants are bought. Those who are already skilled at yoga try out new combinations and introduce their friends to it. Special group yoga retreats are also offered by instructors.

International Olympic day:

We celebrated International Olympic day in our school on 22 June where G5 to G8 students formed the formation of Olympic flag in school ground. "Sport always builds bridges and brings people together in peace and solidarity. On this Olympic Day, please join us as we call on everyone around the world give peace a chance". International Olympic Day is celebrated on June 23 each year and was first observed in 1948. The

Olympics is the world's largest international multi-sport event held every four years. Thousands of athletes and sportspersons from all across the world take part in various games and sports. The modern Olympic Games are inspired by the Greek's ancient Olympic Games held in Olympia, from the eighth century B.C. to the fourth century A.D. The first modern Summer Olympic Games were held in 1896 in Athens, Greece. Since its foundation, International Olympic Day has widened its audience and PRINCIPAL has adapted to various local specificities.

Teacher's day:

We celebrated Teachers Day on 5 September 2022 where students performed different activities for teachers. Today, on World Teachers Day, we celebrate the critical role of teachers in transforming learners' potential by ensuring they have the tools they need to take responsibility for themselves, for others and for the planet. We call on countries to ensure that teachers are trusted and recognized as knowledge producers, reflective practitioners, and policy partners."

Road safety day:

Road safety day was organised by Sri Vijay Vidyashram School on 21 January, given different safety measures and speech to students to avoid accidents many awareness were given. Road safety day is celebrated to reduce accidents, injuries, and other casualties that

may occur due to transport. It is celebrated to reduce accidents, injuries and other casualties that may occur due to machinery.

To save millions of lives that are endangered worldwide as road safety continues to be a significant concern, National Road Safety Week is celebrated from January 11 to 17 of every year to raise awareness to prevent death and injuries worldwide.

Women's day:

Sri Vijay Vidyashram School organised Women's Day on 8th March for parents and students to give awareness and empowerment of women where students performed different activities. Students and parents participated in many games and our Chief Guest Ms. Kavitha gave a speech about parenting and also, we made parents have an interaction session with teachers.

International Women's Day, we need to ensure that women and girls benefit from the opportunities offered by the technological transformation-but also, and above all, we need to ensure that they can help shape it, on an equal footing.

World Children's Day:

World Children's Day was organised in Sri Vijay Vidyashram School on 14 November, teachers performed many activities like dance, skit, awareness speech, games for students where they enjoyed a lot with teachers which made a connection with teachers.

World Children's Day was first established in 1954 as Universal Children's Day and is celebrated on 20 November each year to promote international togetherness, awareness among children worldwide, and improving children's welfare. Mothers and fathers, teachers, nurses and doctors, government leaders and civil society activists, religious and community elders, corporate moguls and media professionals, as well as young people and children themselves, can play an important part in making World Children's Day relevant for their societies, communities and nations. The school stands for a wide development of each student as per CBSE objectives.

Thank you for your commitment to our school and community. Please do not hesitate to contact me for any questions regarding this report or the school in general.
